INTRODUCTION

Join Remy through eight missions. As you complete missions in the many explorable areas, look for the cooking mini-games. In these Remy is in charge of preparing a set menu.

MAIN MENU

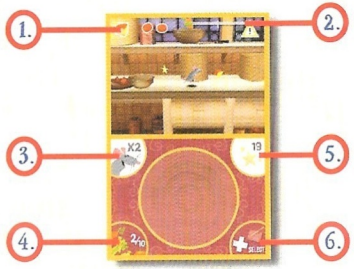
Choose between Story Mode and the Cooking Game from the Main Menu.

STORY MODE
Story Mode starts the adventure game. You can either start a new game or resume a previously saved game.

COOKING GAME
Start the cooking mini-game in either Single Player or Multiplayer mode, or learn how to cook in the Cooking Tutorial.

THE GAME SCREEN

1. HEALTH
2. EXPOSURE METER
3. REMAINING TRIES
4. MISSION OBJECTIVE
5. COLLECTED STARS
6. CONTROL SCHEME (DEFAULT / TOUCH SCREEN)



EXPOSURE METER

As Remy explores the different levels, he enters special areas where he needs to remain out of human sight. When this happens, an Exposure Meter appears in the upper right corner of the screen. If Remy remains visible or sneezes, the meter level rises.

As the meter level rises new challenges occur; the humans throw things at Remy, causing him damage. If Remy suffers too much damage, he gets captured! Remy captured means one try lost and starting again at the beginning of the level.

COLD METER

When Remy enters the Freezer, a Cold Meter appears on screen. It's a slow filling meter and Remy needs to complete his objective in the Freezer before the meter fills up. If it does fill all the way up, Remy suffers damage. Too much damage means restarting the level. Remy can reduce Cold Meter levels by standing in front of warm lamps in the freezer or by collecting warmth icons.

HEALTH METER

When Remy takes damage from a hazard, he loses cheese (health). Once the Cheese Meter runs down completely, Remy loses a try and has to restart the level.

ITEMS

TRIES
Gain one try.

WARMTH
Lowers the Cold Meter slightly, just like hiding under a lamp for a little while.

Note: This is only in the Freezer levels.

STARS
Remy collects these to gain extra tries. 100 Stars = one free try.

CHEESE WEDGE
The Cheese Wedge replenishes a small amount of Remy's health.

LARGE CHEESE WHEELS
The Large Cheese Wheel replenishes a large amount of Remy's health.

INGREDIENTS AND OTHER MISSION OBJECTIVES
These special items must be collected for Remy to proceed through a level.

MULTIPLAYER

SINGLE CARD DOWNLOAD PLAY

1. Insert and start Disney · Pixar ***Ratatouille*** in your Nintendo DS™ System. The host will be player one, "P1".
2. Start Nintendo DS™ Systems for players "P2", "P3", and "P4" ensuring that no Game Card is inserted into these Nintendo DS™ Systems.
3. On the host Nintendo DS™ System for "P1", select Multiplayer from the Cooking Game Menu, then select a difficulty level. Choose between Easy, Normal, or Hard.
4. Select DS Download Play on systems "P2", "P3", and "P4".
5. Press the A Button on the host Nintendo DS™ System when everyone is ready to play.

Note: During a Multiplayer game, a star will occasionally appear on the Touch Screen. Grab this star and fling it at one of your opponents. Skinner will impede the selected player's progress for a short period of time.
